

# West Virginia Commission on Oil and Natural Gas Industry Safety

## Meeting #5

### October 22, 2015

**Lawrence J. Malone**  
Director of Policy  
Office of Governor Earl Ray Tomblin

Commission on Oil and  
Natural Gas Industry  
Safety

# Objectives

1. Ensure the safety of hardworking West Virginians at drilling sites, production facilities and pipelines across the state; and
2. Determine how to best to protect workers at natural gas operations while ensuring our workers have the proper training and skills to do their jobs in the safest, most effective way possible.

# Objectives Cont.

3. Review current federal and state oil and natural gas workplace safety regulations;
4. Assess data on worksite incidents and accidents;
5. Examine training and industry best practices; and
6. Provide recommendations for improving workplace safety in the oil and natural gas industry in West Virginia.
