FEMA-4273-DR-WV

SUBJECT: Request to add Clay and Nicholas Counties for Direct Temporary Housing

The initial Direct Temporary Housing Authorization Memo dated July 5, 2016 authorized Greenbrier and Kanawha Counties for Direct Housing in the form of Manufactured Housing Units.

Ongoing analysis has identified an additional need for housing in Clay and Nicholas Counties due to the rural nature of those areas, additional registrations resulting in an increase in the number of households meeting the criteria, and a lack of rental resources within a reasonable commuting distance. The temporary housing needs of the survivors of Clay and Nicholas Counties cannot be met with financial assistance alone.

The Joint Field Office and the State of West Virginia request to amend the initial authorization for Direct Temporary Housing to include Clay and Nicholas Counties.

I have attached the State of West Virginia's initial request for direct housing and an updated assessment for your reference.
